Subject: 2008 United Way – Centraide Campaign

Dear Sisters and Brothers:

Like the Canadian Labour Congress COPE is proud to support the 2008 United Way – Centraide Campaign. As this sister movement moves from a charity-oriented approach toward a locally-driven, community building approach, our partnership will deepen and the potential of our joint work will grow.

On behalf of COPE, I encourage you to support and participate in the 2008 United Way – Centraide Campaign, as a donor and a volunteer. The funds gathered during this campaign stay in your community and they are used to support vital services for working people and our families, as well as strengthen our communities.

United we are stronger.

In Solidarity,

Serge Cadieux  
National President
